

each child early intervention offers a range of programs and activities designed to minimise the impact of a disability or developmental delay.

The program supports the child and their family.

It is available to children from birth to school entry who have a delay in two or more areas of development.

each child early intervention program

assessment, therapy, education
and family support

assessment, therapy, education and family support

the program

each child early intervention program provides:

- Assessment for children from birth to school entry
- Therapy, education and family support, both individual and in small groups
- Inclusive centre-based programs
- Home programs
- Support in local kindergarten and childcare
- Parent support
 - assisting with issues affecting family well-being
 - links to other services

eligibility

Children from birth to school entry who have significant delay in two or more areas of their development.

parent participation

Parents play a key role in their children's development. It is important they take part in all aspects of the program to:

- Help us understand their child and family
- Develop skills and facilitate their child's development
- Set goals
- Meet other parents.

staff

- Early childhood teacher (co-ordinator)
- Consultancy with educational psychologist and family support
- Occupational therapist
- Speech pathologist

program content

The program focuses on:

- Attention and listening skills
- Communication and language
- Socialisation, play skills and behaviour management
- Motor skills and sensory processing
- Feeding, self-care and independence

our values

each child early intervention program values:

- Inclusion
- Goals that are made jointly with the family based on family priorities
- Inter-disciplinary teamwork

***a healthy and inclusive
community that promotes
the well-being of all***
