

EACH NDIS Price Schedule (New South Wales) March 25 2020 (COVID-19 Increases)

EACH is a registered NDIS provider in New South Wales.

The National Disability Insurance Scheme has now completed three full years of national roll out. EACH has been a registered Service Provider in this State since the Scheme rolled out in New South Wales, on 1 July 2017. We also currently deliver NDIS Services in Victoria and in the ACT.

EACH is a Temporary Transformation Provider (TTP) in both Victoria and New South Wales and the prices in this Price Schedule reflect that.

EACH is committed to working collaboratively with our Customers and their families and carers, to plan and provide quality services and supports that respond to identified goals, needs and choices. This may involve the provision of a diverse range of individual and/or group services and supports.

Our Price Schedule is not a comprehensive list of all available supports that can assist our Customers to achieve their goals, so if there is something that you think is missing, please discuss your needs with us and we will try to accommodate these, any way we can.

We can assist you to make a Service Booking on 'myplace', if required. We will provide you with a quote for all supports you are seeking EACH to provide and if you decide to use EACH for your service delivery, we will establish a Service Agreement with you to ensure you are always clear about the services we have agreed to provide you.

Prices outlined in this Price Schedule are effective from 25 MARCH 2020 UNTIL FURTHER NOTICE, price limits for some supports have been increased temporarily in response to the COVID-19 Pandemic. These supports include:

- Assistance with Daily Life (excluding Supported Independent Living)
- Assistance with Social and Community Participation

Modified Monash Model

The Modified Monash Model (MMM) is a recently developed geographical classification system, using up-to-date population data, which the Government can use to better address the maldistribution of medical services across Australia.

EACH use the workforce locator map to check the geographical classification of any location in Australia and to develop your quote. The map can tell you if a location is classified as city, rural or remote. It identifies areas that need more doctors.
